Product description

Bra from the Conturelle Bloomy Days collection. Every day, regardless of the season, starts with the choice of underwear, which is why Felina by Conturelle offers a soft bra with slightly transparent cups that consist of two layers of material, durable tulle on the inside and decorative embroidered lace on the outside. The bra is sustained by the side panel which gives a sense of supportiveness and is also stabilised with underwire. The entire cup is delicately transparent, subtly enveloping the breasts and the decorative lace element reaches the shoulder strap, which is also regulated. The cup has a delicate seam that runs from the lower underwire to the shoulder strap, which makes the bra comfortable and shapes the bust perfectly. The smooth straps and accessories are in a warm porcelain rose colour, while the cups themselves are made of elegant embroidered lace. The floral elements and motifs have been hand-drawn, which makes them extremely charming and romantic. The whole set is an interesting, rarely seen universal colour combined with comfortable wearing.
