Product description

FELINA modelling bodysuit without underwire **250222** from the **DIVINE VISION** collection. Soft microfibre and a very high elastane content play an important role and ensure exceptional comfort and fit. The underwire-free leotard has a V-neckline and is complemented by gold Felina logo decorations. The back of this leotard is laser-cut so that it will not be visible under tight clothing. The mesh insert at the front makes this model extremely feminine, which is complemented by the classic bow between the cups.

Material composition:

59% polyamide
39% elastane
2% cotton

This product has additional options:
