Product description

Felina Conturelle 80705 is a balconnet bra from the bestselling *Provence* collection. Bra beautifully exposes the bust. The Provence collection has already accustomed us to its extremely feminine appearance. Also in this model, we have a lace that is characteristic for this collection, which gently covers the whole bowl and goes into straps. Bra 80705 greatly raises and shapes the bust. The cups are made of a thin sponge with a beautiful shape that lovelly shines through the mesh on which the embroidery is placed. An additional decorative detail is a decorative leaf between the breasts.
