### Product description

Self **S940NJ/G** is a padded bra for two-piece swimwear from **Self Collection**. The bra has sewn in pockets for push up pads, which are attached to the bra. The padded cup helps to support the largest breasts. The **Self S940NJ/G** swimsuit top has adjustable, non-removable shoulder straps. The adjusters are in gold and apart from their adjusting function, they look nice and blend in with the rest of the ornaments. **Self S940NJ/G** bra is fitted with adjustable straps at the hem. The whole bikini is made of a solid, smooth material that allows the skin to breathe and wicks away moisture. The material has been pleated on the inside of the cups for added visual appeal. The centre bridge features a decoration that is typical of the entire **Self Collection**, i.e. gold circles attached vertically with decorative straps.

Fabric composition:  
78% polyamide  
22% elastane

We suggest matching the swimming costume bra with one of the **Beauty 4** or **Lady 5** bikini briefs to create an unforgettable swimming costume in classic black.
